PART III - POST-BALI WORK

1.9. We reaffirm our commitment to the WTO as the pre-eminent global forum for trade, including negotiating and implementing trade rules, settling disputes and supporting development through the integration of developing countries into the global trading system. In this regard, we reaffirm our commitment to the Doha Development Agenda, as well as to the regular work of the WTO.

1.10. We take note of the progress that has been made towards carrying out the Doha Work Programme, including the decisions we have taken on the Bali Package during this Ministerial Conference. These decisions are an important stepping stone towards the completion of the Doha

Round. We reaffirm our commitment to the development objectives set out in the Doha Declaration, as well as to all our subsequent decisions and declarations and the Marrakesh Agreement Establishing the WTO.

1.11. To further demonstrate this commitment, we instruct the Trade Negotiations Committee to prepare within the next 12 months a clearly defined work program on the remaining Doha Development Agenda issues. This will build on the decisions taken at this Ministerial Conference, particularly on agriculture, development and LDC issues, as well as all other issues under the Doha mandate that are central to concluding the Round. Issues in the Bali Package where legally binding outcomes could not be achieved will be prioritised. Work on issues in the package that have not been fully addressed at this Conference will resume in the relevant Committees or Negotiating Groups of the WTO.

1.12. The work program will be developed in a way that is consistent with the guidance we provided at the Eighth Ministerial Conference, including the need to look at ways that may allow Members to overcome the most critical and fundamental stumbling blocks.

1.13. As we prepare the work program, we will remain available for further contacts amongst ourselves and with the Director-General on these matters as we move forward in 2014.
